Product Details

Issue

The recalled product may cause an injury hazard. The washer on the screw that secures the blade does not meet company specifications as fragments of a broken washer may break away and fly off during operation. As of August 24th, 2022 the company has received no report of incidents or injuries in Canada.

What you should do

Consumers should immediately stop using the recalled Hilti DHS gas cut-off saw and contact Hilti to obtain a replacement screw/washer set.

For more information, consumers can contact Hilti Corporation by telephone at 918-269-3286 between 9 a.m. to 5 p.m. EST Monday through Friday or by email at tish.holmes@hilti.com.

Please note that the *Canada Consumer Product Safety Act* prohibits recalled products from being redistributed, sold or even given away in Canada.
