

VOLUNTARY RECALL OF A CONSUMER PRODUCT

Dear client(s),

The safety and well-being of our customers and partners are our top priority. In collaboration with Health Canada, as a precautionary measure and by our commitment to offering products that meet the highest quality standards, DALS Lighting inc. is conducting a voluntary recall of the product corresponding to the following description:

Model Numbers (Canada)	Home Depot Article Numbers (Canada)	Description
RSVB36-CC-BB/BK/CH/SN	1001770787 / 1001737332 / 1001770788 / 1001770789	36" Swivel Vanity LED Wall Light

Since April 3, 2024, the sale of this product has been suspended at all Canadian Home Depot stores and online at [homedepot.ca](https://www.homedepot.ca). As a precautionary measure, the product is no longer available for purchase. It is therefore no longer possible to purchase the product since this date, and this measure will remain in effect for the duration of the voluntary recall.

The risk identified consists in the potential overheating of the transformer's electrical components located in the wall plate of certain production batches, which could melt and possibly burn the plastic casing causing potential damage around the fixture.

No injuries associated with this risk have been recorded to date, but some superficial smoke residue could be seen on the wall where the light was mounted.

The following production batches as being problematic: PO#5703, PO#5809, PO#6055, PO#6080 and PO#6082. Batch numbers can be identified in the lower right corner of the product label found on the exterior side of the wall plate.

If you are in possession of an affected product, we ask that you please disconnect it and discontinue its use immediately. For further instructions and immediate assistance with product identification and corrective action, please visit the web page illumeledlighting.com/en/recall or contact our Customer Service Department at **1-877-430-1818** from 9AM to 5PM (EST), Monday to Friday, or e-mail us at info@illumeledlighting.com .

This recall is being conducted in cooperation with Health Canada.
