

## voluntary recall notice

method discovered that a very small number of bottles of our 354 mL gel hand wash are not meeting our high quality standards.

the only products affected are from one lot of 354 mL method gel hand wash in sweet water® fragrance. these affected products were only sold since mid-October 2020.

the best way to find out if your product is affected is by using our product checker at [www.methodhsrecovery.com](http://www.methodhsrecovery.com).
